Page 170 are the people that come into the whole store I named.

You said you were responsible for the whole store?

4 Α Yes.

> 0 And you're currently responsible for the whole store when you work, correct?

Correct. The phone -- I mean it's just like something else in the store. Let's say I was responsible iust for the --

I understand. Is there a separate business. that you operate the phone business under a separate name?

No. It's the whole store. Α

Q So there's no different separate name for the phone business?

We call it a different name.

What's the name of the phone business?

I mean there's people call it Platinum Plus. People call it Charlie's. They call it Good Times.

There's I mean all different names. I don't care what people call it.

Α I mean it's not really like a d/b/a or anything.

What do people who own the business, which would be you and your family, call the phone business? Α Yes.

2 Do you have contracts with I would assume Q 3 cellular phone providers in order to sell their phones, 4 correct?

> Α Uh-huh.

Q Yes.

> Α Yes

Are those contracts between the cellular Q phone providers and Platinum Plus or cellular phone providers and some other entity or person?

Repeat that one more time.

Yes. Are the contracts with the vendors to cell phones -- strike that.

Are the contracts that Good Times has or somebody has with the phone vendors, are those contracts with, between the phone vendors with Good Times or with Platinum Plus or with some other person or entity?

MR. CHARFOOS: If you know.

Α I don't know.

Who takes care of the business side of the 0 sales of the phones at the Good Times Store?

I don't really understand your question.

Well, I got a friend who is into Wireless Toyz. He's got a franchise in Wireless Toyz out in the Cleveland area. He has got to deal with --

Page 171

1 Α Platinum Plus, Sorry,

> Platinum Plus is not a d/b/a or? Q

Α No, nothing like that.

Q Or a C-corp or some type of other financial entity?

6 Α No.

> It's just a name associated with the phone business at the Good Times Store?

Α Yes.

So Platinum? 0

Yes. We had to get a different line just because there was so many calls coming in. So we had to like name it something else. So when we get our check or we got the deposit comes in the Burt Enterprises is the account, the whole account.

When you say you had to get a separate line, you mean the phone line into the store?

Basically, yes. Α

So when somebody calls into the store on that phone line, does somebody answer: Platinum Plus?

They answer Platinum Plus, sir.

So does Platinum Plus employ anybody or are they all, all the people?

23 24

They are all employed in the store. Α

Q They're all employed by Good Times Store? Α Company.

-- every cell phone provider on discounts, on pricing, on all kinds of -- so the contract is through the customer and you?

No. It's through the provider and the Α customer.

I understand that phone service is between the phone service and the customer but when you're selling somebody's product don't you have a business relationship with them? In other words, that sets the term and conditions how you can sell their product; how you display their product; how you price their product, etcetera?

Α I'm sure. Yes.

Who does that at Good Times with the cellular 0 16 phone -- strike that.

Good Times sells cellular phones, correct; Platinum Plus?

Α Yes.

Inside Good Times sells cellular phones, Q correct?

Α Right.

You sell cellular contracts; phone contracts as well with whatever cellular phone provider that person wants to go with. Correct?

- The muscle relaxer I don't. Then there's one for nausea when I throw up. That one, I take that whenever I have a bad migraine.
- Have your migraines gotten better or worse since the events at the Palace?
- Sometimes they be good for a good month. Then it goes on for like a day or two where I can't do nothina.
- Has your condition with regard to your migraines gotten better or worse since November 19th of 2004?
- I have -- probably a little better. Actually a month ago it wasn't better but as now I am a little better.
- 15 Q How frequently are you drowsy currently?
  - Α Whenever there's a bad migraine.
- 17 0 What does that drowsiness --
- 18 Well, drowsiness, like throwing up. Α
- 19 Listen to my question. Drowsiness and
- vomiting are distinctly two different concepts, okay. 20
- 21 Drowsiness is an inability to stay awake or an inability 22 to feel alert at all times I would say.
- 23 Sometimes the pills make me drowsiness.
  - I would expect that, okay, but how frequently
- 25 in a general sense?

Page 192 That would be true even if you took sleep medication. If you had a migraine the sleep medication would be ineffective, correct?

Α If I took sleep medicine I would be going right to sleep.

Even with a migraine? 0

Yes. It put me right to sleep sometimes. Most of the time it put me right to sleep. I take a high does of sleep medication.

But the Immotrex itself or the pain medication - let me back up for a second.

If you took a sleeping pill such as Ambien that would cause you to go to sleep, correct?

Correct. Α

Q Even with a headache, correct?

16 Α Yes. Most of the time. 17

Q But the Immotrex and Topamax aren't sleep aids, correct?

No. Α

0 They help you. They help relieve the symptoms of the migraine, correct?

Correct. Topamax is like a daily medicine. Like I take two, three pills a day and Immotrex is -- I 24 take it but it's not a sleeping medicine.

Do these drugs make you sleepy when you take

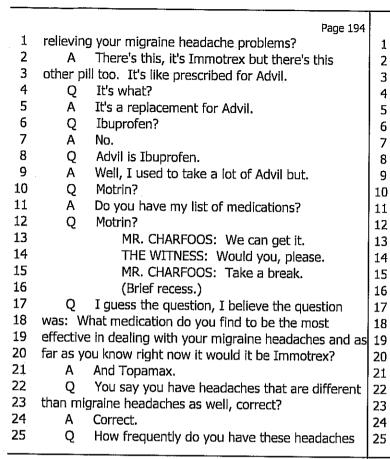

Page 191

- Probably every day. Every day I can experience one time where I just fall asleep.
- I thought you said you had problems sleeping though?
- A Well, sometime I can sleep and sometimes I can't sleep, you know.
  - I don't know.
- Like some days I can -- I be up and awake and I be active and some days I be down and like depressed. like where I can just go to sleep. It all depends if I have like a real bad migraine, you know. I can't go to sleep. I would have to take some Sinequan or the sleeping pill. I know Ambien, I took Ambien for eight, nine months but they switched it because that was making me like basically daydream like while I'm up. I would walk while I'm sleeping. Sleep walking.
- Does the drowsiness only occur when you have a migraine headache or does it occur at times when you're not having a migraine headache?
  - Α I don't know.
  - Q You don't know?
- 22 Α
- 23 Q You indicated that when you're having a
- 24 migraine you can't sleep; is that correct?
- .25 Most of the time.

  - Α No.
  - Q Have you ever taken Vicodin since November 19th, 2004?
  - I was prescribed the Vicodin, yes. Α
  - Q By whom?
  - Α Doctor.
    - Q At Valley Urgent Care?
- 9 I don't remember. I don't remember. I know 10 they prescribed Vicodin to me a couple times. 11
  - Q For pain, correct?
  - For pain. Then they switch it to that Α Sinequan and then they switch it to something else.
  - Did the Vicodin make you sleepy or was it strictly the Ambien?
    - Α I don't remember. Makes me relaxed.
    - Q Vicodin relaxes you?
- 18 Α Huh?
  - Q Vicodin relaxes you?
- 20 It relaxes the muscles. I mean, yes, that 21 would make me go to sleep a little easier.
  - Q Vicodin doesn't relieve your headache pain though?
    - Α No.
    - Q What drug do you find to be effective in

Page 197

It doesn't.

0 What doesn't break through?

It don't last for the whole day. It last for maybe a good couple minutes.

I understand that. Do you take medication specifically for these jabbing pains in your head you have?

Α Yes. If it lasts for the whole day. Immotrex. But for those, if they continue to keep coming, like the Advil, but I think it was - I want to say Reflection or -- Reflection.

Whatever that drug is you were taking Advil for those as well, correct?

Α Correct.

MR. CHARFOOS: Wait for a question.

You indicated you experienced depression. Is that an ongoing issue or is it a periodic issue?

I mean every day there's like different symptoms. Like I never thought that I would be thinking of like just waking up, not being like happy with a day or just not excited about the day or just not excited for me to like, you know, nice weather outside, stuff like

always used to love to go outside and just be outside.

Can I assume that these other headaches are not as severe as the migraine headaches?

Correct. They're like jabs.

How frequently do you have these less severe headaches today; in the general sense of today?

Migraines last for awhile. Like pressure on your head or it's like pressure like behind the eyes. These I use different pills. They're more like a jab. Like basically they sting for a good 15 seconds to like a minute or two minutes. Do you know what I mean?

  - Q You drive or your dad drives there?
  - I probably -- whoever. If he's not busy he drives me. But if not I'll drive.
  - How many times have you talked to the psychologist at the Michigan Head Pain Institute?
    - Couple times.
    - Q Two?
  - Α Two, three.
  - Did you ever become addicted to any, in your opinion, to any of the medication you were taking after November 19th, 2004?
  - Addicted? Like, yes, I was addicted to Topamax. To Immotrex. I had to have it all the time. Vicodin. It was different stuff. I had to have it because that stuff is the only one that would make me prevent the migraines.
    - Q Which ones; Topamax?
    - Α All of them; every one of them.
      - What did Vicodin do for your migraines?
  - It was a muscle relaxer. You take the drugs you are going to basically -- like now it's drowsiness. Basically it was a pill just to mellow everything down.
- But I mean that was for like a month or so. Then they 25

- Yes. We're just going to meet up and eat. Α
  - Q Where is that?
- I think Rochester and my other cousin, he is graduating Michigan business school. So we're just going. So I have to go back to my brother's and we're just going to get together.
- So last night you had problems sleeping you 0 said, correct?
  - Α Correct.
- Q How frequently do you have problems sleeping?
  - Α Two, three times a week.
- Q Do you take Ambien still for those?
- 14 Α No, Sinequan. I'm sure that is the drug. 15
  - 0 Does that pill work?
  - Α Yes. Most of the time it does.
  - Q How frequently are you having nausea slash vomiting?

Let me ask it this way. Can you remember the last time you threw up?

- 21 Last week. Last Wednesday. 22
  - What do you believe caused you to throw up? Q
- 23 Α Just was like sick.
  - Q How frequently does that happen?
  - Once every couple months. Before I used to Α

switched Vicodin to Skolaxin and then back to a different drug. But not no more. Now I take Topamax and Immotrex.

- Did you go through any substance abuse counseling for being addicted to any of this prescription medication?
- Α No. I was not addicted. It was just something I had to have. It wasn't a drug. It was a -it wasn't a drug I was looking for to do when I had a headache. It was something that would come up.
- Other than being seen at Michigan Head Pain Institute, have you received any other treatment for your depression?
- Α Not that I remember.
- 14 Q Are you still having problems sleeping?
- 15 Α Yes.
- 16 Q How frequently does that occur?
- 17 It really varies. Last night I couldn't
- 18 sleep. Probably because I had to meet with you. I had a 19 big day.
- 20 Q You had a big day today?
- 21 Α Well --

  - Α Yes.
- 17 Q And you have been seen there because of 18 problems you relate to the November 19th incident, 19 correct?
- 20 Α
- 21 Q You have also been seen at Covenent Health 22 Care, the Cooper Campus, correct?
  - Α Correct.

I don't remember. I might be missing one or two. I mean most of it. But most of it is complete.

You were seen by a Joel Beltran, which is on here, in April of 2005. You were seen by Dr. Beltran one time; is that correct?

I have his record and it says you were seen by him one time. Correct? Do you agree with that?

That was in Saginaw. I don't remember where it was at. We usually -- when I went there one time after. Ever since, after that all she was doing, was assigning me the pads. You know I was ordered over the phone. She was calling my cell phone and I was ordering over the phone.

0 So you were using these pads at home?

Basically it's a vest you put on over your Α chest and it was -- it was to stimulate like the nerves. Like it basically wasn't shocking. It was like electric shocking the nerves.

What problem was this? 0

Α They said that might help the migraines.

Q But you can't tell me where you got this vest from?

Α Yes, in Saginaw, at his office, I think.

18 Q At Beltran's office?

> I think that's the doctor. I'm not positive. Α

20 Can I see that, please?

> Well, his records indicate that he was going to do the following for you. Give you Elavil. 25 milligrams and samples of: R-e-l-p-a-x.

MR. CHARFOOS: That could be it.

0 That's it. There's nothing in here about a

Page 211

Dr. Beltran. There was one neurologist was just for, it was like a -- I think was a shock. They had a vest they had to put on me just to like shock high nerves. I think that was recommended from doctor or the walk in clinic.

Q Are you talking about an EMG or a needle test?

No, no, it wasn't a needle test. It was just they had these pads on your back and it was shocking the nerves. It was --

0 Who did that?

I don't know. I mean I -- it was helping for awhile too. It was expensive. If I think that's who it was -- Dr. or Joel Beltran.

You saw Dr. Beltran, according to 14 15 Dr. Beltran's office, one time and he didn't do anything 16 for you except examine you?

That could be it because a lot of times I don't even see Dr. Beltran or whoever this guy is. I think this is the one and I -- there was a lady that was helping me because he was out of the office or something. I don't recall.

You think there's a facility you have gone to where they put something on your back that shocked your muscles?

Yes. I know. So I think this is it.

jacket that you put on to shock your muscles.

Okav. Α

I have not seen that in anybody's records. I guess I will have to send you an Interrogatory asking you where you got the jacket that shocked your muscles.

Α Okay. If you don't mind me asking, what address?

Q For Beltran?

Α Yes.

I'll give it to you. I think -- it's not on his letterhead. It's at 4449 Fashion Square Boulevard, Saginaw, Michigan.

That sounds like the clinic but I will get more information. I will give it to Larry.

Do you recall a Dr. Jung performing an EMG on you.

MR. CHARFOOS: That's putting needles

in you.

19 Q Do you recall that? 20

Α Yes.

Q That's not the jacket though; that's something different?

No, no. That was just for my -- the right knee. My knee was numb. I don't know like what that was for. But that was just a needle. Basically I lost

So you don't recall what problems you were having at the hospital when you went there on November 19th, 2004 or November 20th, 2004?

No, not that I remember. I remember talking to a police officer but I don't remember what I said to him or anything.

So then you wouldn't know what they did for you at the hospital then either, correct?

23 I know they put me in -- I think that they 24 give me an MRI.

MR. CHARFOOS: If you don't remember.

They gave you a shot that prevented you from 0 working that day?

Yes. I had to get a doctor's excuse the whole day not to, like excuse me from any activities or anything.

Q Why would you need that?

12 Α It was something that put me to sleep where I 13 can actually sleep.

14 You worked for your dad. Why do you need a Q 15 letter saying you can't work?

16 The doctor just gave that to me. Α

Q Really?

Correct. This is the nurse's note. "Friend at side." Meaning you had a friend at your side.

Why would you have been requesting a note to excuse you from work on --

I have no idea.

0 -- on June 12th, 2005 in the emergency room at Beaumont Hospital?

Maybe I was talking to a nurse and she was asking me what time I got there. I didn't recall what time I got there.

That's not my question. My question was: Why would you have been requesting a note to excuse you from work on June 12th, 2005?

I don't remember requesting a note.

Does your father require you to produce

25 records from a medical doctor or a note from a medical I don't recall.

Q Well, do the pills work better or the shot work better?

The shot will just hit me right away. That will help it. Shot would be right in your blood or your veins. So the pill would take a little bit. To help out I break the pill in half because that's -- you don't have to go around with it, the Immotrex, but shot would just go right through your blood.

That was one of the things. I think that was one of them. I think I had to request a note of why I didn't show up on time. That might have been one.

What community service did you perform? What kind of community service work did you do?

Just wherever they like -- basically I was in the deeds office. So I did Registrar of Deeds and basically just sent mail out; who would go to what. Like anything requested by -- I think their name is Ruth Johnson. It was in Pontiac. That's probably why I requested a note.

Did you, in treatment of your migraines, did you receive any shots or do you take pills only? By shots I mean intramuscular injections.

Most of the time I took pills. I have took Α shots.

I don't perceive you to have any difficulty. You seem to know what I'm asking before I finish it. So my perception of how this is going is that it is a question and answer with you interrupting me and there hasn't been a delay in answering these questions. It's fluid. There hasn't been any delay.

Α There has been.

0 Who sent you to Dr. Sewick?

What day was that? Α

0 You were seen by Dr. Sewick on March 15th. 2005. He may not be on your list. Were you sent to Dr. Sewick by Mr. Charfoos or somebody in this office? You can't look at Mr. Charfoos for an

answer.

MR. CHARFOOS: He doesn't know who that is I think is his problem.

Do you recall going for a neuropsychological testing with a Dr. Bradley Sewick, who is located on Evergreen Road in Southfield, Michigan?

Well, Mr. Charfoos sends me anything, any of the doctors or anything, knows of any appointment.

I'm sorry. Say that again.

If any appointments come up that I have to go to they remind -- because, you know, Pat is his secretary. So any appointments I have she reminds me.

Mr. Charfoos keeps track of your doctors' appointments and tells you when they are. Is that what you're telling me?

Most of them. Α

MR. CHARFOOS: Like your IME.

Did Mr. Charfoos set you up at the Michigan Head Pain Institute with Dr. Weintraub?

I don't know who recommended that. I see a lot of these doctors recommend other doctors to go to.

When you said Mr. Charfoos' office reminds you of most of your doctors' appointments, tell me which doctors' appointments Mr. Charfoos' office reminds you of.

Α They remind me of Michigan Head Pain. Mostly all of them. I mean Michigan Head Pain.

Mr. Charfoos does not remind you to go to the emergency room, correct?

No, not correct. I mean correct. Because yes. The only ones that he reminds me that sent me

Page 224 0 Yes. Do you know why you have not done that?

I don't know. I might have done that. Α

0 Tell me the psychiatrists that you have seen.

Α The psychologist I seen was at the Michigan Head Pain.

Q No. Tell me the psychiatrist you have seen; not the psychologist.

Α I don't remember.

9 Q Tell me about the psychotherapy you have 10 received.

Α I don't even know what that meant, sir. Like a lot of this stuff is --

MR. CHARFOOS: You're way over his head, sir.

That happened like a year ago. So he might have recommended that and send me to a different doctor and that doctor had a clinic up at Michigan Head Pain Neurologists. They had everything there. So I don't recall.

Dr. Sewick has everything in his facility. Do you know why you didn't do it there?

Α No.

Q Do you recall any physical injuries that you sustained as a result of this event?

MR. CHARFOOS: He already testified

Page 223

anything in the mail was probably Michigan Head Pain and doctor, that Dr. Sewick.

Do you remember seeing Dr. Sewick now? He's a doctor you went to for a determination as to whether or not you had sustained a traumatic brain injury. Do you remember that?

Yes. I do.

Q Do you recall anything you told Dr. Sewick?

Α No, I don't.

Dr. Sewick recommended — hold on a second.

Dr. Sewick recommended a program of rehabilitative intervention, including psychotherapy, psychiatric evaluation, neurological care and a neuropsychological re-examination.

Do you know why you have not embarked on the course of treatment that Dr. Sewick gave an opinion was necessary?

A I mean I don't -- can I see that? No. He recommended me to go to -- say that again.

Dr. Sewick recommended that you embark on a rehab a program of rehabilitative intervention then, 22 including psychotherapy, psychiatric evaluation and 23 neurological care. Do you know why you have not done that?

He recommended that?

1 about I think back.

And neck?

MR. CHARFOOS: Yes.

0 Anything else?

Physical? I mean other than something numbness but that might be a side effect from the pills.

I think it's pretty clear on the video tape that you got punched in the face. Did you have any physical sign of injury from that?

Α Other than the like daze before that, after that.

I want to know: Did you have any cuts, swelling, abrasion, bruise; anything like that on your face?

15 The day after that. The day after that, yes, Α 16 I had.

At any time after you got punched did you have any visible sign of that injury or of that event?

Α I was bleeding. My lip was.

20 Q Your lip bled?

21 Α My lip bled.

> Q Upper or lower?

23 Α I don't recall.

6	Q	Did you have any dental damage to your teeth?
7	Α	I don't recall.
8	Q	Have you seen any dentist for problems you
9	relate to	November 19th, 2004?
10	Α	I don't recall. After that day I had
11	appoint	ment with veneers.
12	Q	Why?
13	Α	There was a new right by my friend's
14	dad's a	doctor. He's a new dentist in there. So he said

dad's a doctor. He's a new dentist in there. So he said I could have got you for cheap. I don't recall any time me going. But I know the day of they said there was no cuts or bruises or anything like that but I did have bruises. And I did have -- like it was bleeding in my lip. Nothing like dramatic or anything but there was. What can't you do today that you used to be

able to do before November 19th, 2004? Sometimes being in the store as long as I

could before. I could put a whole day in from seven o'clock in the morning until ten o'clock at night. A lot of stuff. I can trigger migraines. Lot of stuff will

Page 228 like Monday, Tuesday. I was in the store -- whenever I

feel good I'm in the store but I'm in the store every day 2 because, you know, we stay right next door to it. 3

Q Do you have any plans on leaving your parents' home or the Burt home?

Yes. We were actually in the process of selling this.

O **Burt Enterprises?** 

Α Yes. The Burt Enterprises. We were going to move down to Ann Arbor -- not Ann Arbor but Auburn Hills.

You mean the whole family? When you say 13 14 we're going to move, who is we're?

> Α My parents.

16 Q So you plan on still living with your 17 parents?

> Α Correct.

Q You don't plan on being independent of your parents?

Α No. I plan on it.

> When do you think that might happen? Q

23 Α Whenever the day is.

> Q Well, what are you waiting for to become independent of your parents?

Q Let's take them one at a time. Let's talk about the store first. How many hours a week are you working currently?

Α It all varies.

> Q Well, ball park it.

Α I said this last time.

> Q Today is Friday, right?

10 Α Yes, yes.

> Q Correct?

12 Α

13 Q Monday through Thursday this week how many 14 hours did you work?

15 Roughly about 20, 30, 20. Α

16 Q Was that every day or was that not on every

17 day?

> Α Every day.

19 Was that 20 spread out over four days or was 20 it one day, two days, whatever?

21 Α It was three or four days or the whole week 22 basically.

23 Q Why didn't you work more than 20 hours this 24 week?

Α Earlier this week I wasn't feeling too good, 1 Α Save some money.

> Q Save some money.

Move out. I mean I love my parents. I would Α stay there as long as I could.

Who doesn't love their parents? Q

Α My mom and dad are older.

As long as they're paying for everything I would love my parents too.

It's not about the money. I love them.

I'm just teasing you. You're not in a rush to leave but you want to become independent some day of your parents, correct?

If I ever get married. If I don't I rather stay there and help out.

When they sell the store in Burt are they 16 going to buy a new store in Auburn Hills or are they going to just run the store your brother-in-law is running now?

My dad is retired. So, no, they would Α probably move down to Detroit or, you know, Auburn Hills and whatever. They need work in the store, you know, say. My mom and dad would go and help out but, no, they wouldn't work in the store.

Your dad is not going to start another business when he moves to Auburn Hills?

Q So you wouldn't continue your cellular phone business after your parents move?

A You mean the whole store? I don't just do cellular phones.

Q You wouldn't continue at least your cellular phone aspect of it and still work for Simplicity selling phones?

A If the business was good down in Auburn Hills I thought then, yes.

Q Would you do that out of the store that is in Auburn Hills?

A Or find a different store or maybe go out of the store, yes.

Q So what do you plan for your future then; moving down with your parents. If your parents sell it and you move to Auburn Hills, what are your future plans?

A Probably to work with my brother and brother-in-law.

Q In the store down in Auburn Hills?

A Yes.

25 Q And save money to move out and get married

1 Q You had Pistons jerseys, right?

A I save a lot of money not going to those games. That's the good thing.

Q So driving. You can't go to Pistons games.

A Work is -- you know work.

Q You don't work as much as you did before. How else is your life different today and what kind of things can't you do today that you were able to do before November 19th, 2004?

A How I would -- repeat the question.

Q How is your life different today than it was before November 19th, 2004?

MR. CHARFOOS: Other than the Pistons games and work.

Q Other than what you already told me. I don't want you to assume that there has to be something else.

A We ran over this probably four or five times.

Q No, we didn't. We have never gone over this.

MR. CHARFOOS: I think we have but go ahead.

A I mean in the records we have.

MR. CHARFOOS: Depression; not happy.

Q I'm not talking about your physical injuries. We're not clear here. I'm talking about your activities of daily living. How it's -- what you do from the time

Page 231

and start a family?

A Basically.

Q So we talked about your work. What about -- you said driving is different now than it was before November 19th, 2004. How is driving?

A If I have a bad migraine I don't drive. So maybe if we have to go somewhere I have somebody drive, like maybe my dad or one of my cousins.

Q You don't get to go to Pistons games anymore because you're banned from the Palace, right?

A Yes.

Q So that's a big difference before

13 November 19th, 2004, correct?

A Yes.

Q Has that caused you a certain amount of aggravation that you can no longer watch Pistons games in person at the Palace?

A No.

Q Doesn't bother you at all?

20 A A little

Q Well, you were a huge fan before, right?

22 A Yes.

23 Q You had season tickets. You had Pistons

25 A Yes.

complaints. I want to know how it impacts you on a daily basis.

A Okay, okay. Just waking up. Not wanting to go back to sleep. No too happy about getting up in the morning.

 $\boldsymbol{Q} = \boldsymbol{I}$  want to know what activities that you can't do.

A Go outside; bright, be out in the sun.

Q Hold on a second. Today is March or May --

A April 28th.

Q It's April 28th. You drove here by yourself.

There's not a cloud in the sky. The sun is shining brightly outside.

A I drive.

Q Would you agree with that?

A Yes, I would.

Q Would you agree that you have been outside a couple times since we have been here?

A I agree. I don't have a migraine either.

Q So

A So I'm saying if I had a bad migraine, if. I couldn't really tolerate anything basically if I have a

bad migraine. I go shut the lights off or go to sleep majority of time or go just basically read a book or something.

Let me ask you this question. When you're Q not having a migraine is your life normal -- strike that.

When you're not in the throws of a migraine or experiencing a migraine, is your life in terms of what you do on a daily basis the same as it was before November 19th, 2004?

No. With no migraine, with not being depressed and with not feeling about, feeling about like just after all that stuff we discussed on record. Yes. It was normal.

When you're having those problems, when you're having a migraine you go to sleep. You try and go to sleep, is that what you're saying?

Α Yes.

I thought you told me earlier you can't sleep Q when you are having a migraine?

I don't understand. You talk too fast and you're quick with your answers.

I'll slow down. What do you do during the course of a day when you're having a migraine?

I won't be in the store. I'll just relax.

25 If I take some kind of pill, I probably take a muscle

Page 236 0 You have suicidal ideations? Means you have ideas of suicide.

I don't have ideas of it. I think of it a Α lot.

I guess that would be an idea. You think 0 about killing yourself?

Α No. I think about myself dead.

0 Because you want to be dead?

Α I don't know.

> 0 And you have told your psychologist this?

I told her once. But it's something I don't bring it up because some times I want to forget about it. I don't know if that is something -- I'm not happy about, you know, a lot of stuff.

In the course of a week how many days --0

16 Α Every day, four times a day. 17

MR. CHARFOOS: Let him ask the auestion.

0 Every day four times a day?

Α If you were going to say how many times do you think of it.

No. I wasn't going to say that. Q

23 Α

> Q So every day four times a day you think of being dead?

Page 235

relaxer and I probably just relax. Helps to prevent it. Depends how big the migraine is. Some days I can probably just kind of like mellow it out and work around it. But other days I can't. If it's real bad I can't.

How many times a month does that happen to you?

Α Where I can't tolerate it?

Q Right.

And I would be at -- probably it all varies but roughly a week, about two, three times a week. Some weeks are different like I said.

Okay. And then does the depression accompany the migraine or do you have the depression effecting what you do on a daily basis?

The depression is every day.

some times the side effects or what it was.

So what does the depression prevent you from doing on a daily basis if anything?

17 18 I'm just not happy with life. I would rather 19 be -- sometimes I feel, like I told the psychologist, I would rather see myself dead or just looking at myself 20 not being alive or it was a lot easier. Just not being 21 happy. Sometimes when I see my nieces I'm always happy 23 with them. Sometimes I'm not very -- like playing with them. So I don't know if that's depression or that is

Page 237 1 Every day I think of it a lot. I think of myself being dead or me just thinking about being like in heaven or anything. You know, something like that. I 3 4 think of it a lot. Just because I don't know if it's 5 side effects or like how I am now or — I'm a different 6 person.

All this stuff. I look at this stuff 8 and just think about having my normal life back and a lot of 9 the stuff -- even when I talk to people or when I'm normal, me talking to customers, I'm not very happy. I'm not 11 aggressive. I'm not -- people I see sometimes don't want to 12 be around me. 13

Q This occurs every day you're telling me. correct?

Some days. Some days not. Α

Q So some days you don't have depression?

Α Well, every day I think of it. But some

18 days.

19 Okay. How many days a week do you think that Q 20 you have good days? 21

I don't know. It all varies. Α

> Q Do you ever have any good days?

0 Are there any physical activities you don't participate in any more because of November 19th, 2004, such as recreational sports or something?

I will go out and play basketball but I mean I can't go for awhile or anything. I can basically do everything if I really don't have a migraine. I can do anything most of the time.

Yes.

18 Q Do you own more than one cell phone?

Α

20 0 How long have you had the cell phone that you 21 have in your car now?

22 Α Three days.

23 Q Is there a reason why you got a new phone in 24 the last three days?

25 The other one dropped in the water. Α

This Boost number, I don't know the number to it.

If I wanted to call your phone right now what number would I call?

Page 240

Page 241

I would have to call my brother or my parents and ask them if anybody calls me or check my voice mail.

So --

MR. POTTER: So it's a temporary phone until you get a new one?

THE WITNESS: Correct. That 233 number is my standard.

MR. POTTER: That's your permanent number?

THE WITNESS: Yes. But I had that number for about two, three months.

MR. POTTER: Are you going to keep that number when you get your new phone?

THE WITNESS: Yes. That's the number they're going to set me up.

MR. POTTER: What's the number again? I'm sorry.

THE WITNESS: I gave it to you last time.

MR. POTTER: It's the same number you gave last time?

THE WITNESS: Yes.

21

24

Α Boost.

8 Q Can you set the ringers on that phone, 9 different types of ringers?

Α Can you set them? Yes, I guess.

11 Q What kind of ringer do you have set on the 12 phone now?

13 Α I -- whatever the standard ring tone is but I 14 got it on vibrate.

15 Can you change the ringer and add different songs to the ringer or music to the ringer? 16

17 Α Can you put like words on them?

18 Q

> Α Yes, you can do it but I put mine on vibrate.

20 0 Who is your cell phone provider?

> Α Boost, which is like a two way. It's a

22 Nextel.

23 0 What is your telephone number?

> 989-233-1335. But that one dropped in the Α

25 water. I'm waiting for me to get a different phone.

MR. POTTER: Okay. Fine. Thanks.

You are not going to be signing a new cell phone contract when you get the number reassigned or are you? Who is the cell phone contract going to be with? Is it going to be through Boost? Α

Yes, Boost. It's a prepaid company, sir.

Can you tell me what kind of beverages you drink through the day? I see you have water in front of you. What else do you like to drink?

Α Mostly water.

11 Q That's it? 12

Coke, Diet Coke or Sprite. Diet. That's usually when I eat or just going out I have a Coke or something different.

0 Do you drink tea or coffee?

16 Α No. Sometimes cappuccino if it's in the 17 morning.

> Q You make it yourself?

Α No. We have a machine.

Did you say you usually drink Coke or Diet Q Coke with meals?

Α Yes.

So you take Advil currently. What do you take that for?

My headaches. That is if the Reflection or if I see a migraine is coming I will take that, just kind of like prevent it. But I got medication for all that stuff. I mean I don't carry it around because there's a lot of medication.

Q Do you have Advil with you right now?

Α Yes, of course.

Q Do they like you?

Somewhat. A lot of them are going through Α the terrible twos, so it's hard to put up with the screaming, you know.

Q You wear glasses?

23 Α Yes, contacts and glasses.

> Q How long have you worn glasses?

Α Since elementary school.

Page 243

That's Sinequan and the other one is anti-inflammatory. And I got the one it was called, I think it's called Baciofen. I'm going to get the name for you because this is annoying me.

You have a pill in there for nausea? Q

Α Right.

Q When do you typically take the Sinequan?

Sinequan is if -- to prevent me. It helps me sleep. I don't -- I try not to take it because I don't want to get addicted to it. I just want to sleep by mvself.

Q When do you usually take it?

Ten o'clock, eleven o'clock. Α

Is there a reason why you are carrying it around during the day?

I just have it in there. I'm not at my parents' house. I got a big family. So I'm usually at my brothers, my cousins or I got a lot of nieces. I got probably like 15, 20 little kids, little one, two year olds running around. I go over their house.

Q How old are those kids?

Α They're all under four.

Q How many are there?

Α There's a lot of them. I don't know.

Q How often do you go?

Q Do you know if you're nearsighted or far-sighted?

> Α I think I'm near.

So you can see things close up no problem but if you have to look far away things are blurry?

A Yes. That was the last time I had glasses on. Usually on bright days I put my glasses on because I have the shades with them. I didn't take them down to my brother's. I have my contacts.

So you don't have your sunglasses?

11 I have sunglasses in the car, yes. Α

> What kind are they; are they prescription? Q

My glasses are prescription. The sunglasses I got, they're like five dollar sunglasses from the store.

THE WITNESS: Need something to eat.

huh?

MR. CHARFOOS: Wait for a question.

19 How long have you been wearing contact Q 20 lenses?

21 Α Couple years now.

22 Q Any of the doctors that you have seen 23 recommend that you stop wearing contact lenses? 24

Not that I remember. Not that I recall.

Q Have you ever had any problems with your eyes

because you were wearing contact lenses; any infections or irritations of the eve?

Maybe once or twice maybe just because it was red eye and I had to get some kind of like drops in there, I know. But other than that nothing. Like I had like be without contacts for awhile, you know. There has been days when I had to take my contacts out for the whole day.

Nothing that resulted in the doctor telling you to discontinue wearing them for a long period of time?

12 Α

13 Q What kind of contacts do you wear; soft or 14 hard?

15 Α Soft.

16 0 Do you have to take them out every night or 17 can you wear them for --

You had to take them out. They were like --18 19 every like at least two weeks. But I take them off every 20 day.

> Q You take them off every night?

22 Α Yes. It's more refreshing. Helps me so it's 23 not so dry at nighttime.

You talked about taking some Advil to take 25 the edge off when you feel a migraine coming on. How

Page 248 1 my friends told me: Do I want to go and I said: Yes, let's go. Maybe I went there and I didn't like it so I 2 3 walked out.

Did you sign up for a membership over a period of years or months?

No, no. I paid the five dollar or ten dollar fee.

Q You would have gone before the incident at the Palace?

Correct. Α

11 0 Only once?

> Α Maybe once or twice.

13 Q You haven't gone back since?

14 Α

> 0 Have you gone anywhere?

I got it by my house. We have a fitness room. I try getting up and just like walking, walk a good 10, 15 minutes a day.

In your house you have a fitness room?

Yes, basically like a treadmill and we don't have weights but we have -- like everything is free weights.

23 Q Do you try to use that stuff on a daily 24 basis?

> Α Every day that I feel like. Maybe I'm just

Page 247

many pills do you take a day, the over the counter?

Α Over the counter? Not that many.

What does that mean? I don't know what that Q means.

Not really. Within a week, maybe once. I try not to. If I'm not around my original pills from the doctors, I won't take it.

So you take maybe Advil once a week. How many pills are you taking each time?

Α Maybe four Advils.

Q Four at a time?

Α

13 Q Do you have a membership to a gym or a 14 fitness club?

15 Α I did but I never went.

> Q Is it still active now?

Α No, I don't think so,

18 Q Where was it at? 19

Α Power House.

20 Q Where is the Power House located?

> Α In Saginaw.

22 Q When was the last time your membership was

23 active?

24 Probably before all this, before November. I Α

don't recall. I mean I went probably once. Maybe one of

kind of like tired or something. Like getting up in the 1 2

morning maybe I will walk like five minutes, you know.

Time I just kind of get the day going.

Does that help to wake you up? Q

Α Sometimes.

Q Do you know how far you're walking?

Α

You said there's weights there as well. What 0 kind of weights?

MR. CHARFOOS: No weights. There's no weights but it's just like --

Q Is there a cable machine?

13 Α Yes, cable machine.

> Do you use that as well? Q

No. Only if I'm going to do like a couple push-ups. But nothing because I don't really do that no more.

Q Who uses the fitness room?

My brother-in-law. It's not really a fitness room. It's just like another room with just weights and stuff in it, that has all that stuff in it. The Body by Jack and all that. We're all overweight in the family, you know. We have all these stores and delis, so we're all like --

Q You say most of your family is overweight? Page 250

Q Where is Dr. Mashney?

Α Out of Lansing.

When was the last time you saw Dr. Danek? Q

Α I had appointment today. I had to miss it for you guys but before that a month, two months ago.

0 What's he doing for you two months ago?

This checkup on the -- if he sees anything Α different with my, you know, my mouth, my teeth or any swelling or bleeding or anything. My veneers need cleaning.

Did you see Dr. Mashney or Dr. Danek immediately after or within a few weeks of the incident at the Palace?

Α I don't recall. I don't remember.

Q Is Dr. Mashney the father of a friend?

Α He's my dad's cousin. My uncle.

Q I think you testified earlier there's a doctor you see that is a father of one of your friends.

Paul Danek. He's my friend from high

11 MR. CHARFOOS: Ask Pat. She'll 12 remind him. 13 Did you call to make the appointment or were 14 you told you were going to be seeing Dr. Sewick? 15 I called and asked when was my appointment. 16 Q You called who? Dr. Sewick. I get everything through Larry, 17 Α 18 through the checkup on through here. Basically he sent me the package to the checkup on. Dr. Sewick sent me the 19 19 20 paper, do a check. He said, he told me he is going to do 21 the six month checkup. 72 When did he send you a package? 0 23 Α I mean it comes with Larry's stuff. I mean I 24 don't recall.

0 Did you personally call Dr. Sewick's office or did someone from Dr. Sewick's call you directly to schedule the appointment for June?

What was in the package from Dr. Sewick?

I'm very hard to reach.

MR. CHARFOOS: No, it's through this office, Counsel.

Do you understand?

MR. CHARFOOS: It's through this office.

Α This office deals with Dr. Sewick. The lawyers.

Q So then the answer is no?

MR. CHARFOOS: The way you worded it, you gave him a choice that didn't include that.

You said did Sewick call or did he call Sewick. It's through this office.

20

Α Neither.

Q Is what your attorney just put on the record accurate, as far as you know?

22 23

Α Yes.

Q Can you tell me who your dentist is?

Α Dr. Mashney. Well, he's my uncle. Who did

school's dad.

What friend is that? Q Tyler Danek. He's like a friend, his

brother. So he's like a friend of the family. That's why I only went to him to do the teeth because he was having like a new business in the area. And he's a lot

closer than Lansing. He's only like a five minute drive.

Is Dr. Mashney the dentist that you go to to get like your fillings put in or your regular six month check up?

Between them two. One of them two. Whatever Α is more convenient, you know.

MR. CHARFOOS: There's no question.

Q Who is more convenient to see; Dr. Mashney or Dr. Danek?

Α Whenever there's an opening in the schedule.

20 Who is your eye doctor? Q

1 you. It's on Chestnut Road.

- Is it like a DOC or one of those?
- I get my glasses through DOC in Saginaw but the one out of Chesaning. I don't recall. They got the contacts that I wanted. And these contacts are a lot more comfortable on my eyes.
- You can get the information about who that doctor is in Chesaning to your attorney?
  - I can get it today if you want.

MR. CHARFOOS: We'll do it. We'll

11 get it.

- Other than Dr. Sewick, do you have an appointment with any of your doctors scheduled, that are scheduled to take place after today?
- The one in Frankenmuth. I want to continue with that. So they're just waiting for a transcript to be faxed by the Michigan Head Pain.
- Do you have something scheduled out of those two facilities right now?
- A rough schedule. They said sometime in May I should be able to go to them for both places. But the Frankenmuth place I go to is basically massaging like the tense spots in the neck or the head. So it helps me sleep a little better. So I don't have to take so much medicine.

0 When was the last time you received a paycheck from Burt?

I just get -- like my dad put it in the bank, whatever he feels he owes me. If I worked the whole week he just puts money in the bank. If I need money I take whatever out and we worry about that at the end of the week.

0 You say he puts money in the bank?

Α Yes. If I worked this week he said he will put three, 400. If I work barely he will put in 50. My dad is very strict about his money. It's not just considered a paycheck. I get a paycheck but it all 12 varies every week. But the last paycheck was last Monday.

> 0 How much was that?

16 I don't know. I think it was a couple Α 17 hundred.

- Q For what period of time was he paying you?
- 19 Α I don't know.
  - Q How often do you get paid?
- 21 Every week, every couple weeks. I don't Α 22 know. Every week.
- Every week what do the paychecks range in 23 Q 24 amounts?
  - Α I will take whatever I want. If I needed

Page 255

- 1 You testified earlier that you worked O 2 approximately 20 hours this last week?
  - Α Within a week, yes, roughly.
  - Q Is that what you basically average is about 20 hours a week?
    - Α It all varies; 20; 40.
      - Q Sometimes 40?
  - Α Sometimes. It all varies. If I'm doing good the whole week I can work 60 hours, you know.
  - So there's some weeks that you can work 60 O hours?
    - Α Sometimes I can work 50 hours.
- 13 Q How would you characterize this last week: 14 was it a week you could have worked 60 hours if you had 15 to?
  - Α No. It was like a couple weeks before that. I don't know what week it was. I felt good the whole week where I was in the store every day and I was doing everything and the week after that I threw up. Like I was telling him, I was drowsy. I didn't feel like doing anything. It all varies. Maybe it was the weather change. Maybe it was --

MR. CHARFOOS: You're guessing. (Deposition Exhibit No. 1 marked for identification.)

like 200 out of the till or 300 I write it down. We'll

- just worry about it later at the end of the week or every 3 other week or something.
  - I don't know what that means.
  - I took 300 out. Basically I owe him 300
- 6 bucks. If I took 50 out and I needed it for like
- 7 whatever the cause is and we worry about it at the end of
- the week. So really I don't know how much my paycheck
- is. My dad is very reasonable with my money. Like I owe 9 10
  - him a lot of money now.
- 11 Q You get paid on a weekly business or 12 sometimes every two weeks. On the amount your dad is paying you out of a check -- does he pay you in a check 13 or cash?
  - Α
- 16 Q He pays you an amount in a check. From that he is deducting whatever you have taken out of the till? 17 18
- Q So if we look at your paychecks we wouldn't know precisely what you're making at the end of the year. 20 If we look at your paychecks for the last 12 months we wouldn't know how much you were getting paid because your dad is setting off out of the till when you're working?
  - I would know if I would look at them.
    - Q If you look at your paycheck you would know
